

If your child misses a session, we have prepared at-home family lessons that are centered on the Catholic Children's Bible. They are designed to be as an entire family, but they can be used with one parent and one child. We use these lesson in multiple programs, so please ignore the lesson numbers. Each lesson has three sections.

Lesson Preparation (Green page)

Parents are the first and best teachers of faith to their own children. But the Church has done a bad job of equipping you to do that. The green page gives you 10-15 minutes of preparation to help you understand the lesson content.

Lesson Page (Blue Page)

Each lesson page begins with a prayer and the prayerful reading of a Bible passage. After praying through the Bible passage, each lesson contains a short, kid-friendly reflection, links to several videos (you'll want to preview them to determine which one(s) works best for your child), discussion questions, a Salvation History story, and several suggestions for how to put your faith into action. Each lesson is designed to take 25-30 minutes.

Supplemental Materials (orange page)

Your family may have a question that you need help answering. Often, you will be curious and want to know more. This section is to help you find answers to your questions and to go deeper.
